

Sa...

Sa...!

What
are you
doing?

Hey!

Satella...

「三」より「好」まで

● 附錄 ●

Ahh
Gahh

What
have you
done...

He probably
hit his head
and passed
out...

This is
bad...

He could've been accidentally killed, you know!

Don't you think that was a bit too harsh?

You know normal people can't stand against Boulder's strength.

What have you done this time?

Look! What the heck are you thinking?

Calm down why do you have to be like that?

Bringing a male into this house!

Because they are the "Weaklings"

You're detailed in males, aren't you?

...You picked him up?

Well just wondering you know anything about him.

All I did was pick him up

1

well... it's
hard to
believe,
but...

And to
say you
picked
him up...

It's not like
he's a dog or
something."

Try making
a better
choice since
that is
possible.

2

He was
really floun-
ding down
the river.

You know
that males
are strictly
protected in
the Holy
City.

I brought
him here
because I
thought
you might
be helpful.

You can't
just leave
someone
like that,
right?

But this
boy...

That is
irrelevant
with this
conversation.

When you
were a
wanderer in
the Holy City

You certainly
met with
some males
haven't you?

He seemed
as if he
knew you...

I don't
know
him!!

Are you
sure you
haven't
met him?

Males are
not what
as you
think they
are...

They are
rather
dangerous
being...

Listen
Louis.

Oh. I
see.

I've only
met a few
important
males...

It's not like
you can
meet with
them easily,
you know.

Get him out
of our house
this instant!

Call the
patrol guards
immediately
and turn
him in to the
Holy City!

Then take
him and
get out of
here!

Why do you have
to be all nasty?
We can wait
until he regains
his consciousness,
and it won't be
late.

.....

.....
B

Senpai...

Kazuya?

What's
going on?

What's
this
strange
feeling?

Satellizer
Senpai...

Anyways,
Kazuga...

I need to
meet
Kazuga..!

Kazuga?
You're
not there?

Acting a bit
weird...

My...

That time,
Kazuga
was...

Anyways...

Lana!

Have you
seen
Kazuya?

Didn't he
go to the
laboratory?

Kazuya?
He was
called over
by Aoi
Gengo

I already
know
that!

Yeah! But that
was just
yesterday,
right?

He's not
coming back
since then!

Wait, he
hasn't come
back for a
day...

And
you're
here
acting all
casual!?

Kazuya has
not been
seen for a
day...!

Wait!
Satellizer
too!!

You don't
have the
right to
love
Kazuya!!

Have you
seen
Kazuya?

Hog! Satelliner

Haven't
seen him...
Is there
something
wrong?

It's
Kazuya!
Did you
see him?

He's not
coming
back ever
since!!

Asi Kazuya?
He was called
over to the
laboratory,
wasn't he?

はあ

はあ
はあ
はあ

Do you have
any idea
what you
are doing
Satellizer
right now?
El
Bridget.

If you can't
let me see
him, then

There's a
classified
project
running
right now

This is not a
place for an
orderless
pundere
like you

Return
immediately

Captain
Humb...

I need to
see him no
matter
what
happens

Kazuya
should be
here right
now!!

Doctor
Aoi... Please
let me see
doctor
Aoi!!

Instructor
Kim...?

And all
of you?

Put away
your
anger this
instant!

Have you
returned to
your inferior
days?

What the hell
are you
doing?
Satellizer!!

I'll have a
conver-
sation with
Doctor Aoi
by night!

She can't help
it since he's
her partner!

Dadging an
unlir is wrong
but...

And you too,
Satell?

Stop acting
so immature!!

There's
no need
to do
that

That's
true

What
do you
mean?

Doctor...
Aoi...!?

Where?
S...

D...

Where's
Kazuya?

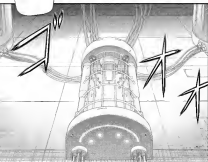

Follow
me...

to his
place...

Let me
lead
you...

...

This is...

What
does this
mean...?

Where's
Kazuya!?

Kazuya...

His body was
also blown away
into the
extradimensions.

Right now,
Kazuya is in the
extradimensional
world
We were investigating the
root of Novas
and only
his mind
there but...

which
means that
the
connection
with Kazuya

is not lost
and still
valid.

is still
functioning

But the soul
supplementa-
tion from the
legendary
sunders

Please...
trust me
and wait
for his
return...

Kazuya will
definitely
return... I
promise you!

in this
world
right
now...!

Kazuya is
not
existent...!

So
you're
saying...

Kazuya
is...

To say it in
a correct
term...

is not existent in
this world right
now

The existence
we recognize
as Kazuya...

By supplementing a neuronal storage with the cool that only is the main phase...

...we are able to reestablish disrupted mind and body state in the external-world.

It operates by sending a specific pulse signal the body releases

Essentially, mind is included in the body, so it's like memory...

Satellizer!

Hang in there, Satellizer!

I'll go and call for medical treatment.

Get her to the medical center, Quin!

Doctor...

It seems like she passed out...

I see...

You... I don't
know exactly
how long
it'll last
but...

Legendary
pandoras
can't
engage
right now

Yes...

I'll tell you
if I need
anything
more

That's
enough

Hehe...

So you're
saying...

That...he
came
flowing
down the
river...?

Should I
trust
those
words...
Louis?

Satellizer
Alexander
Eica

Louis
Alexander
Eica

If you don't
believe it, then
don't even ask
me in the first
place nee~
San~

If that's a
real male...
then you're
in great
trouble.

I just stopped
by because I
thought you
knew some-
thing about
him.

I'm planning
to leave
before midnight
returns.

It's best to
ask whether
he returns
here to the
Holy City

If you take the
normal proce-
dures, then she'll
probably
understand the
circumstances

Males are
strictly man-
aged even in
the Holy City.
They are very
rare existence...

Whatever the
circumstances,
if an individual
like you make
contact with
them directly,
you can be
punished

If it's like
that, then
I'll help you!

I think it's
better to
just run
away

Do you really
think she will
listen?

By the
way...

It's my first
time look-
ing at a
male that
closely but

Oh, to your
helping me?
Thank you
very much...

No...
that's
not it...

It's just a
prevention
and work
thing...

Why are
you doing it
nowhere?

Males are
very
different
from us.

It's just... you
shouldn't
think of
males that
easily.

We didn't feel
that dangerous,
you know?

Amel's make
supposed to be
help things
and for
making off-
spring?

If you
experience that
with your body,
then you'll
probably know.

Even our
rounder's
strength
cannot stop
it...

They can't
use Scion
strength like
us rounders,
but...

They have a
special ability
that only
they can
use.

Are you
possibly
talking
about..

Freedom of
our body being
taken away?

Or something
like that?

Don't be so
interested
in males

I will say
this..

It's really a comfortable to live here, even though I've said I don't like it.

Hehe...

Was that much of a dangerous being.

Never thought this big.

I'll probably rest now...

Well, if he gets burned in to the Holy City, then that settles it huh...

Doesn't seem dangerous at all though.

Where's
Satan?
Gasp...?

What are you
trying to do?
Where am I?

No one un-
derstands
my words!
What the
hell am I
supposed to
do?

It's not very
pleasant to
watch him
acting all
wild...

I have
no idea
what
he's
saying
here...

Seriously,
what the
hell is
this
place?

Uwahh!!
Please
stop!

Don't come
near me! I
shouldn't make
out with
anyone else
other than
Simpel!

Hey, come
here for a sec.

I did save your
life, right? So let
me talk, damn
if you'll
understand it or
not...

So...

You let him
stay here...??

That male
Louis
brought
along...

Noel
Alexander
Elca

If we bring him
in, then just in
case something
happens...

You... Lowell
and I couldn't
just drive him
out of here...

Not to mention
enslavement.
It's highly un-
thinkable for an
individual to
make contact
with a male.

Males are
protected
by the Holy
City.

They are the
holy beings
that grant us
favors to our
children.

If a bad rumor
spread, saying
that our family
has gained pos-
session of a
male being...

And not
being aware
that this is
all too care-
less...?

Please!
Know your
place
before you
act!!

It can
cause a
complete
downfall
of our
family!

You're the
heir of our
family...!

Do you even
listen to
sister-sama's
guidance...!?

Why is it...?
You're
known as
the strongest
rounder.

Aunt-sama,
Lulu has
returned!

How many
times do I
have to tell
you? Come to
breakfast on
time!

Ohno?
What
time do
you think
it is?

Good
Morning

G.

Wait! I'm
dramily
sorry
Great Aunt

Olivia
Alexander
Sita

Sleeping in a
bed it nice
afterall.
Camping just
can't beat it

Hehehe~
Slept well
last night.

Long time
no see
sawt-sawt

Act a bit
more
refrained...

why can't
you and your
mother be
more
raucous...

Louis!

I've heard the
circumstances
from Satsuki...

Ah, the maids
are helping
her change
her clothes
right now.

So, where's
the boy now?

Oh, hi
mother.
Good to see
you again!

Wait...
What are
we going
this early?

Hurry up
and eat your break-
fast

You're
coming
with us

Because the
clothes he had
before were just
too flashy

Isn't it
obvious...?

That's
enough

It's the Holy
City
Elcarism

Today, a
ritual is about
to be done
